

# TUITION ASSISTANCE ACCOUNT

The [cgive.org](http://cgive.org) Tuition Assistance Account is an easy way to turn your everyday online shopping into funds to help pay Christian School Tuition.

- ◆ Earn when shopping a large selection of brand-name online stores!
- ◆ It's free and easy to use, just link to a store from our shopping page. Then shop and checkout the same as you always do. Your purchases are tracked automatically by software and a percentage is credited to your [cgive](http://cgive.org) account.
- ◆ It's a great way to supplement your current TRIP (or scripts) plan. We recommend that you compare our offerings with those in your TRIP program and pick to best from each to maximize your earnings.
- ◆ You will find that many of our merchants offer free shipping, no sales tax and carry items that you typically purchase at very competitive prices.
- ◆ This program is available for any Christian School or College. We mail your earnings check directly to your home.

**An early savings option also is available.**

- ◆ Start accumulating earnings even before your child is born!
- ◆ Earnings will remain in your account until your child starts school and they never expire.
- ◆ Your earnings can be easily transferred other [cgive](http://cgive.org) accounts if you wish to use them for a different cause.

## Tuition Supporter Account

- ◆ This account was designed to make it easy for family and friends to help each other ease the cost of Christian education.
- ◆ Earnings are directly credited to the tuition account of the family member or friend that you wish to help.

For more details about our Tuition Accounts visit our "How it Works" page and click buttons #2 and #3
